## **DECEMBER SPECIAL**

### **1953**

For best results transplant camellia liners now.

With this in mind we would like to call your attention to our excellent crop of 2 year camellia liners.

These nice 12-18" plants can be used for a variety of purposes:

1. Plant in Gallon cans for spring sales. (See inset)
2. Plant in Gallon cans and grow through next summer to give you nice budded plants for next season's sales.
3. Transplanting to the field.
4. Transplanting to beds for growing on.
5. Wrap 5 plants in a package of damp moss for promotion sale. We wrap your variety selection in packages at no extra charge. Price of package is determined by varieties used. For example:

Prof. Sargent	_____	\$ 20
Pink Perfection	_____	.25
Debutante	_____	.30
Jarvis Red	_____	.15
Ch. Elegans	_____	.25

---

**\$1.15 total price of  
each package**

<b>Magnolia Nigri</b>		25.00	30.00
<b>Ilex C. Rotundifolia</b>	10.00	12.50	

*Following a wonderful blooming season last year, camellia demand is at an all time high. Plant now and avoid being caught short when the rush comes in January and February.*

*We can show you acre after acre of living proof that it pays to plant bareroot camellias in December. Not only do you get a good stand, but plants have become well established for full growth and will withstand the first hot dry spell of summer.*
